KillDisk Desktop is a powerful toolset that deliver the following features:

✓ Automatically erase up to 5 disks in parallel

✓ Complete system control via LCM panel

✓ Supports 23 international disk sanitizing standards

✓ Automatic mode requires no user interaction

✓ Fully supports automated hot-swap operations

✓ Issue certificates, print labels & save XML reports

✓ Disk health examination & S.M.A.R.T. monitoring

✓ Advanced low-level Hex Viewer and Disk Browser

✓ Network accessible – print & store reports remotely

✓ (Optional) Graphical User Interface to control the system

✓ (Optional) Printer for erasure certificates and labels

✓ Disk LED lights indicate the progress of current operations

You may erase as many HDDs/SSDs as you need without extra charges. There is no "charge per erase" policy in effect.
